

GETTING STARTED WITH PERSON-TO-PERSON PAYMENTS (P2P) ON YOUR COMPUTER

- 1 Log into your online banking, select My Quick View, and click [Configure This Page](#)

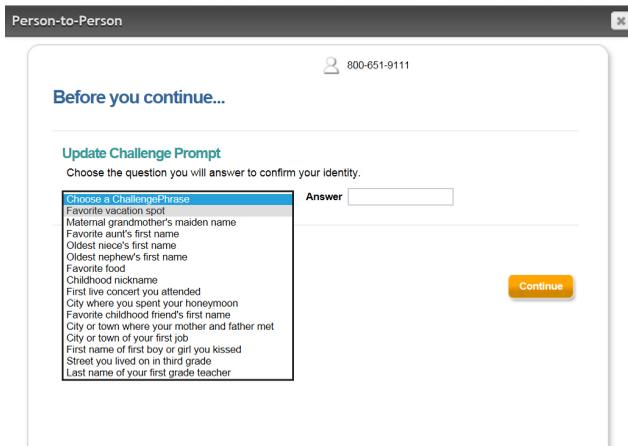

- 2 Select the (+) next to **Person -to- Person** to move it to the left, and select save.
Note: If your widget settings do not appear, you may need to update your browser to the newest version.

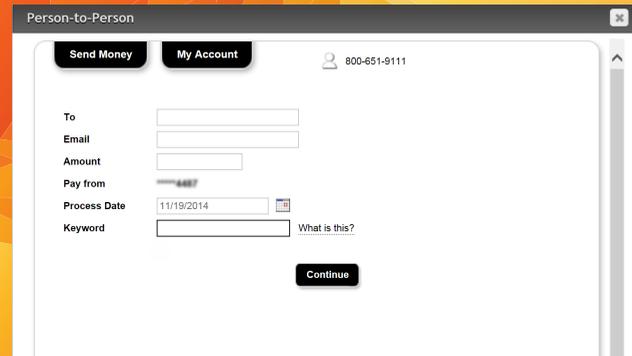

- 3 The widget below should now appear on your "My Quick View" homepage.

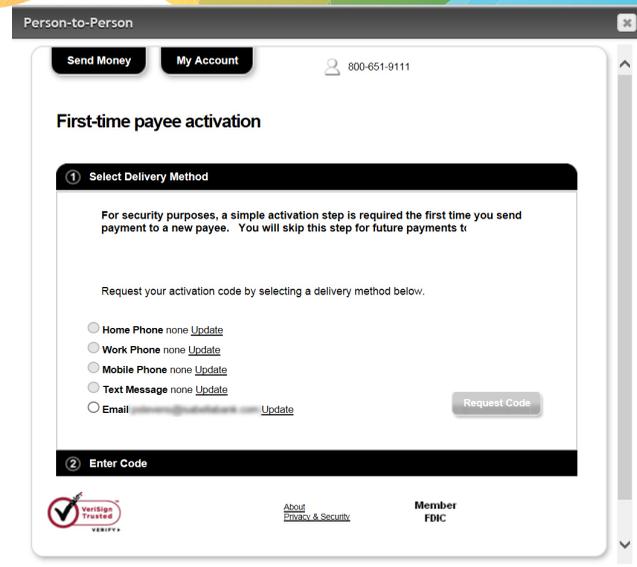

- 4 To initiate your first payment, you will be prompted to select a security question and answer, then agree to our terms and conditions.

- 5 Enter recipient's information and establish a keyword to use when they confirm the transfer.

- 6 The first time you send \$ to a new recipient you will need to use an activation code to confirm the addition.

- 7 The payee will receive an alert and be prompted to enter their information including the keyword to receive the funds.
